OBJECTIVE

Responsible and motivated student ready to apply education in the workplace, and enhance my knowledge on emerging IT trends.

EDUCATION

Bachelor of Engineering - Information Technology
Dhole Patil College of Engineering   Completed, 2023
Pune   86.5%

Higher Secondary Schooling
HSC Board (12th)   Completed, 2018-2019
Pune   63.54%

Secondary Schooling
SSC Board (10th)   Completed, 2016-2017
Pune   85.40%

TECHNICAL SKILLS

- Programming Language: Java, C++, SQL.
- Front-End Web Development: HTML, CSS.
- Database: MYSQL.
- Testing: SDLC and its Models.
    Knowledge of Different Testing Techniques.
    Knowledge of creating test scenarios, test cases and its Execution.
- Version control using Git and GitHub.

SOFT SKILLS

- Self-discipline for planning and organizing tasks.
- Growth Mindset helps to learn and apply new skills faster
- Orientation to Detail
- Persistence

PROJECT DETAILS

Project Title   : **Blockchain Based E-Voting System**

Project Description:

Secured system to enrich the security of the post voting data using Block chain technology. As a result, using the Blockchain architecture will save election expenses while also increasing vote security.

Technology Used:

- **Coding Language**   **:** Java
- **Data Base**   **:** My SQL

Some other project:

- **Random_Guees_Game**: This is a simple Java program.It allows users to guess a randomly generated number between 1 and 100. The program provides feedback on whether the guess is too high or too low.It terminates either when the user guesses the correct number or exhausts all attempts.

- **ToDoList**: This is simple java program allows users to add tasks to a todo list, remove tasks by index, and display all tasks in the list.

CERTIFICATION

- **Web development** (completed from Udemy)
- **Java Programming** (completed from codecademy)
- **SQL** (completed from Codecademy)

DECLARATION

I hereby declare that all the above information is correct and accurate to the best of my knowledge.
